AN ACT TO AMEND SECTION 31-7-14, MISSISSIPPI CODE OF 1972, TO AUTHORIZE PUBLIC ENTITIES TO ENTER INTO ENERGY PERFORMANCE CONTRACTS AND SHARED SAVINGS CONTRACTS FOR ENERGY EFFICIENCY EQUIPMENT AND SERVICES RELATION TO THE INSTALLATION, OPERATION AND MAINTENANCE OF EQUIPMENT; TO REVISE THE DEFINITION OF THE TERMS "ENERGY SERVICES" OR "ENERGY EFFICIENT SERVICES" TO INCLUDE ALTERNATIVE FUEL MOTOR VEHICLES; TO REVISE THE TERM OF LEASE-PURCHASE AGREEMENTS FOR ENERGY EFFICIENCY SERVICES OR EQUIPMENT AS WELL AS THE TERMS OF SHARED SAVINGS, ENERGY SERVICES CONTRACT AND ENERGY PERFORMANCE CONTRACTS; TO AMEND SECTIONS 31-7-73, 37-7-301, 37-29-67 AND 37-101-15, MISSISSIPPI CODE OF 1972, TO CONFORM TO THE PRECEDING SECTION; AND FOR RELATED PURPOSES.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MISSISSIPPI:

SECTION 1. Section 31-7-14, Mississippi Code of 1972, is amended as follows:

31-7-14. (1) (a) For purposes of this section, the following words and phrases shall have the meaning ascribed herein, unless the context clearly indicates otherwise:

(i) "Division" means the Energy Division of the Mississippi Development Authority.

(ii) "Energy services" or "energy efficient services" means energy efficiency equipment, services relating to

the installation, operation and maintenance of equipment and improvements reasonably required to existing or new equipment and existing or new improvements and facilities including, but not limited to, heating, ventilation and air-conditioning systems, lighting, windows, insulation and energy management controls, life safety measures that provide long-term, operating-cost reductions, building operation programs that reduce operating costs, alternative fuel motor vehicles including vehicles that have been converted to such and ancillary equipment related to or associated with the fueling of alternative fuel motor vehicles, or other energy-conservation-related improvements, including improvements or equipment related to renewable energy, water and other natural resources conservation, including accuracy and measurement of water distribution and/or consumption, and other equipment, services and improvements providing energy efficiency as determined by the division.

(iii) "Energy performance contract" means an agreement to provide energy services which include, but are not limited to, the design, installation, financing and maintenance or management of the energy systems or equipment in order to improve its energy efficiency. The energy savings are guaranteed by the performance contractor and savings from energy, operations, maintenance and other cost-avoidance measures can be used to repay the cost of the project.

(iv) "Energy services contract" means an agreement to provide energy services which include, but are not limited to, the design, installation, financing and maintenance or management of the energy systems or equipment in order to improve its energy efficiency. Payments for the contract are not contingent upon the actual savings realized from the equipment.

(v) "Entity" means the board of trustees of any public school district, junior college, institution of higher learning, publicly owned hospital, state agency or governing authority of this chapter.

(vi) "Shared savings contract" means an agreement where the contractor and the entity each receive a preagreed percentage or dollar value of the energy cost savings over the life of the contract.

(vii) "Reduce operating costs" means elimination of future expenses or avoidance of future replacement expenditures as a result of new equipment installed or services performed. A contract that otherwise satisfies the requirements of this section shall satisfy the requirements allowing use of an energy performance or shared savings contract even if the sole expense being eliminated is maintenance expense.

(viii) "Alternative fuel motor vehicle" means a motor vehicle propelled by alternative fuel either as a dedicated alternative fuel vehicle, as a bi-fuel vehicle using alternative

fuel as one of its fuels, or as a dual fuel vehicle using alternative fuel as one of its fuels.

(b) An entity may enter into a lease, energy services contract, energy performance contract, shared savings contract, or lease-purchase contracts for energy efficiency equipment, services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities and shall contract in accordance with the following provisions:

(i) An entity shall publicly issue requests for proposals, advertised in the same manner as provided in Section 31-7-13 for seeking competitive sealed bids, concerning the provision of energy efficiency services relating to the installation, operation and maintenance of equipment, improvements reasonably required to existing or new equipment and existing or new improvements and facilities or the design, installation, ownership, operation and maintenance of energy efficiency equipment. Those requests for proposals shall contain terms and conditions relating to submission of proposals, evaluation and selection of proposals, financial terms, legal responsibilities, and any other matters as the entity determines to be appropriate for inclusion.

(ii) Upon receiving responses to the request for proposals, the entity may select the most qualified proposal or proposals on the basis of experience and qualifications of the

proposers, the technical approach, the financial arrangements, the overall benefits to the entity and any other relevant factors determined to be appropriate.

(iii) An entity shall negotiate and enter into contracts with the person, persons, firm or firms submitting the proposal selected as the most qualified under this section.

(iv) All contracts must contain the following annual allocation dependency clause: The continuation of this contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the Legislature or other budgeting authority. If the Legislature or other budgeting authority fails to appropriate sufficient monies to provide for the continuation of the contract, the contract shall terminate on the last day of the fiscal year for which appropriations were made. The termination shall be without penalty or expense to the entity of any kind whatsoever, except as to the portions of payments for which funds were appropriated.

(v) The annual rate of interest paid under any lease-purchase agreement authorized by this section shall not exceed the maximum interest rate to maturity on general obligation indebtedness permitted under Section 75-17-101.

(vi) The maximum lease-purchase term for any equipment acquired under this section shall not exceed the useful life of that equipment as determined according to the upper limit of the asset depreciation range (ADR) guidelines for the Class

Life Asset Depreciation Range System established by the Internal Revenue Service under the United States Internal Revenue Code and the regulations thereunder as in effect on December 31, 1980, or comparable depreciation guidelines with respect to any equipment not covered by ADR guidelines.

(vii) This subsection shall, with respect to the procurement of energy efficiency services and/or equipment, supersede any contradictory or conflicting provisions of Chapter 7, Title 31, Mississippi Code of 1972, and other laws with respect to awarding public contracts.

(2) (a) The division may contract with a party selected under this subsection to provide financing to entities and private "nonprofit" hospitals, to purchase energy efficiency equipment, services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities or an energy saving performance contract, energy services contract, or lease-purchase basis. Any energy efficiency lease financing contract entered into by the division before May 15, 1992, shall be valid and binding when the contract was entered into under this subsection.

(b) The entities and private "nonprofit" hospitals that decide to contract for energy efficiency equipment, services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new

equipment and existing or new improvements and facilities on a lease, energy services contract or lease-purchase basis, may request financial assistance from the division.

(c) The provisions of any energy efficiency lease-purchase agreements authorized under this subsection (2) shall comply with the requirements of * * * subsection (1)(b)(iv) and (v) of this section. The term of any * * * lease or lease-purchase agreement for energy efficiency services and/or equipment entered into under this section shall not exceed * * * twenty (20) years, commencing on the completion of the installation of equipment or improvements under the contract.

(d) Any entity or private "nonprofit" hospital having approval of the division may borrow money in anticipation of entering into a lease-purchase agreement pursuant to subsection (2)(b) of this section. Any borrowing may be upon terms and conditions as may be agreed upon by the borrowing entity and the party advancing interim funds; however, the principal on any borrowing shall be repaid within a period of time not to exceed one hundred eighty (180) days. In borrowing money under this * * * paragraph (d), it is not necessary to publish notice of intention to do so or to secure the consent of the qualified electors, either by election or otherwise. Any borrowing may be negotiated between the parties and is not required to be publicly bid, may be evidenced by negotiable notes or lease and shall not be considered when computing any limitation of indebtedness of the

borrowing entity established by law. The principal, interest and costs of incurring any borrowing shall not exceed the principal amount of the final contract or agreement approved by the division, and accepted by the borrowing entity, under subsection (2)(b) of this section.

(e) This subsection (2) shall, with respect to the procurement of energy efficiency services and/or equipment, supersede the provisions of any contradictory or conflicting provisions of Chapter 7, Title 31, Mississippi Code of 1972, and other laws with respect to awarding public contracts.

(3) All lease-purchase agreements authorized by this section and the income from those agreements shall be exempt from all taxation within the State of Mississippi, except gift, transfer and inheritance taxes.

(4) (a) An entity may contract for energy efficiency equipment services relating to the installation, operation or maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities on a shared-savings basis or performance basis.

(b) If an entity decides to enter into a contract for energy efficiency equipment, services relating to the installation, operation or maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities on a shared-savings basis or performance basis, the entity shall issue a request for

proposals or a request for qualifications, as determined necessary by the division, in the same manner as prescribed under subsection (1)(b) of this section. The entity shall notify the division in writing. The final contract shall be approved by the division.

(c) The terms of any shared savings, energy services contract, or energy performance contract * * * entered into under this section may not exceed * * * twenty (20) years, commencing on the completion of the installation of equipment or improvements under the contract.

(d) The terms of any shared savings or energy performance contract entered into under this section must contain a guarantee of savings clause from the company providing energy efficiency equipment services relating to the installation, operation and maintenance of equipment or improvements reasonably required to existing or new equipment and existing or new improvements and facilities.

(5) By September 1 of each year, each entity that receives financial assistance through the energy efficiency lease program shall annually report to the division its energy usage by meter in dollars and consumption by fuel type for the previous fiscal year.

(6) The contract may be construed to provide flexibility to public agencies in structuring agreements entered into hereunder so that economic benefits may be maximized.

SECTION 2. Section 31-7-73, Mississippi Code of 1972, is amended as follows:

Any state agency, as defined in Section 31-7-1, Mississippi Code of 1972, shall be authorized and empowered, in its discretion, to *** * *** enter into an energy performance contract, energy services contract, on a shared-savings, lease or lease-purchase basis, for energy efficiency services and/or equipment as provided for in Section 31-7-14 *** * ***.

The local school board shall be authorized and empowered to

promulgate rules and regulations that specify the types of claims and set limits of the dollar amount for payment of claims by the superintendent of schools to be ratified by the board at the next regularly scheduled meeting after payment has been made;

(p) To select all school district personnel in the manner provided by law, and to provide for such employee fringe benefit programs, including accident reimbursement plans, as may be deemed necessary and appropriate by the board;

"Activity funds" shall mean all funds received by school officials in all school districts paid or collected to participate in any school activity, such activity being part of the school program and partially financed with public funds or supplemented by public funds. The term "activity funds" shall not include any funds raised and/or expended by any organization unless commingled in a bank account with existing activity funds, regardless of whether

the funds were raised by school employees or received by school employees during school hours or using school facilities, and regardless of whether a school employee exercises influence over the expenditure or disposition of such funds. Organizations shall not be required to make any payment to any school for the use of any school facility if, in the discretion of the local school governing board, the organization's function shall be deemed to be beneficial to the official or extracurricular programs of the school. For the purposes of this provision, the term "organization" shall not include any organization subject to the control of the local school governing board. Activity funds may only be expended for any necessary expenses or travel costs, including advances, incurred by students and their chaperons in attending any in-state or out-of-state school-related programs, conventions or seminars and/or any commodities, equipment, travel expenses, purchased services or school supplies which the local school governing board, in its discretion, shall deem beneficial to the official or extracurricular programs of the district, including items which may subsequently become the personal property of individuals, including yearbooks, athletic apparel, book covers and trophies. Activity funds may be used to pay travel expenses of school district personnel. The local school governing board shall be authorized and empowered to promulgate rules and regulations specifically designating for what purposes school activity funds may be expended. The local school governing

board shall provide (i) that such school activity funds shall be maintained and expended by the principal of the school generating the funds in individual bank accounts, or (ii) that such school activity funds shall be maintained and expended by the superintendent of schools in a central depository approved by the board. (v) (i) To lease a school building from an individual, partnership, nonprofit corporation or a private for-profit corporation for the use of such school district, and to expend funds therefor as may be available from any nonminimum program sources. The school board of the school district desiring to lease a school building shall declare by resolution that a need exists for a school building and that the school district cannot provide the necessary funds to pay the cost or its proportionate share of the cost of a school building required to meet the

present needs. The resolution so adopted by the school board shall be published once each week for three (3) consecutive weeks in a newspaper having a general circulation in the school district involved, with the first publication thereof to be made not less than thirty (30) days prior to the date upon which the school board is to act on the question of leasing a school building. If no petition requesting an election is filed prior to such meeting as hereinafter provided, then the school board may, by resolution spread upon its minutes, proceed to lease a school building. If at any time prior to said meeting a petition signed by not less than twenty percent (20%) or fifteen hundred (1500), whichever is less, of the qualified electors of the school district involved shall be filed with the school board requesting that an election be called on the question, then the school board shall, not later than the next regular meeting, adopt a resolution calling an election to be held within such school district upon the question of authorizing the school board to lease a school building. Such election shall be called and held, and notice thereof shall be given, in the same manner for elections upon the questions of the issuance of the bonds of school districts, and the results thereof shall be certified to the school board. If at least three-fifths (3/5) of the qualified electors of the school district who voted in such election shall vote in favor of the leasing of a school building, then the school board shall proceed to lease a school building. The term of the lease contract shall not exceed twenty

(20) years, and the total cost of such lease shall be either the amount of the lowest and best bid accepted by the school board after advertisement for bids or an amount not to exceed the current fair market value of the lease as determined by the averaging of at least two (2) appraisals by certified general appraisers licensed by the State of Mississippi. The term "school building" as used in this paragraph (v)(i) shall be construed to mean any building or buildings used for classroom purposes in connection with the operation of schools and shall include the site therefor, necessary support facilities, and the equipment thereof and appurtenances thereto such as heating facilities, water supply, sewage disposal, landscaping, walks, drives and playgrounds. The term "lease" as used in this paragraph (v)(i) may include a lease-purchase contract;

(ii) If two (2) or more school districts propose to enter into a lease contract jointly, then joint meetings of the school boards having control may be held but no action taken shall be binding on any such school district unless the question of leasing a school building is approved in each participating school district under the procedure hereinabove set forth in paragraph (v)(i). All of the provisions of paragraph (v)(i) regarding the term and amount of the lease contract shall apply to the school boards of school districts acting jointly. Any lease contract executed by two (2) or more school districts as joint lessees shall set out the amount of the aggregate lease rental to be paid

by each, which may be agreed upon, but there shall be no right of occupancy by any lessee unless the aggregate rental is paid as stipulated in the lease contract. All rights of joint lessees under the lease contract shall be in proportion to the amount of lease rental paid by each;

the average of at least two (2) independent appraisals by certified general appraisers licensed by the State of Mississippi. If the board shall be unable to agree with the owner of any such real property in connection with any such project, the board shall have the power and authority to acquire any such real property by condemnation proceedings pursuant to Section 11-27-1 et seq., Mississippi Code of 1972, and for such purpose, the right of eminent domain is hereby conferred upon and vested in said board. Provided further, that the local school board is authorized to grant an easement for ingress and egress over sixteenth section land or lieu land in exchange for a similar easement upon adjoining land where the exchange of easements affords substantial benefit to the sixteenth section land; provided, however, the exchange must be based upon values as determined by a competent appraiser, with any differential in value to be adjusted by cash payment. Any easement rights granted over sixteenth section land under such authority shall terminate when the easement ceases to be used for its stated purpose. No sixteenth section or lieu land which is subject to an existing lease shall be burdened by any such easement except by consent of the lessee or unless the school district shall acquire the unexpired leasehold interest affected by the easement;

(bb) To charge reasonable fees related to the educational programs of the district, in the manner prescribed in Section 37-7-335;

(cc) Subject to rules and regulations of the State Board of Education, to purchase relocatable classrooms for the use of such school district, in the manner prescribed in Section 37-1-13;

(ff) As part of their duties to prescribe the use of textbooks, to provide that parents and legal guardians shall be responsible for the textbooks and for the compensation to the school district for any books which are not returned to the proper schools upon the withdrawal of their dependent child. If a textbook is lost or not returned by any student who drops out of the public school district, the parent or legal guardian shall also compensate the school district for the fair market value of the textbooks;

(gg) To conduct fund-raising activities on behalf of the school district that the local school board, in its discretion, deems appropriate or beneficial to the official or extracurricular programs of the district; provided that:

(i) Any proceeds of the fund-raising activities shall be treated as "activity funds" and shall be accounted for as are other activity funds under this section; and

(ii) Fund-raising activities conducted or authorized by the board for the sale of school pictures, the rental of caps and gowns or the sale of graduation invitations for which the school board receives a commission, rebate or fee shall contain a disclosure statement advising that a portion of the proceeds of the sales or rentals shall be contributed to the student activity fund;

(hh) To allow individual lessons for music, art and other curriculum-related activities for academic credit or nonacademic credit during school hours and using school equipment and facilities, subject to uniform rules and regulations adopted by the school board;

Mississippi Adequate Education Program funds or any other state funds may not be used for salary incentives or salary supplements as provided in this paragraph (mm);

(nn) To use any available funds, not appropriated or designated for any other purpose, for reimbursement to the state-licensed employees from both in state and out of state, who enter into a contract for employment in a school district, for the expense of moving when the employment necessitates the relocation of the licensed employee to a different geographical area than that in which the licensed employee resides before entering into the contract. The reimbursement shall not exceed One Thousand Dollars ($1,000.00) for the documented actual expenses incurred in the course of relocating, including the expense of any

professional moving company or persons employed to assist with the move, rented moving vehicles or equipment, mileage in the amount authorized for county and municipal employees under Section 25-3-41 if the licensed employee used his personal vehicle or vehicles for the move, meals and such other expenses associated with the relocation. No licensed employee may be reimbursed for moving expenses under this section on more than one (1) occasion by the same school district. Nothing in this section shall be construed to require the actual residence to which the licensed employee relocates to be within the boundaries of the school district that has executed a contract for employment in order for the licensed employee to be eligible for reimbursement for the moving expenses. However, the licensed employee must relocate within the boundaries of the State of Mississippi. Any individual receiving relocation assistance through the Critical Teacher Shortage Act as provided in Section 37-159-5 shall not be eligible to receive additional relocation funds as authorized in this paragraph;

(oo) To use any available funds, not appropriated or designated for any other purpose, to reimburse persons who interview for employment as a licensed employee with the district for the mileage and other actual expenses incurred in the course of travel to and from the interview at the rate authorized for county and municipal employees under Section 25-3-41;

(pp) Consistent with the report of the Task Force to Conduct a Best Financial Management Practices Review, to improve school district management and use of resources and identify cost savings as established in Section 8 of Chapter 610, Laws of 2002, local school boards are encouraged to conduct independent reviews of the management and efficiency of schools and school districts. Such management and efficiency reviews shall provide state and local officials and the public with the following:

(rr) To implement a financial literacy program for students in Grades 10 and 11. The board may review the national programs and obtain free literature from various nationally recognized programs. After review of the different programs, the board may certify a program that is most appropriate for the school districts' needs. If a district implements a financial literacy program, then any student in Grade 10 or 11 may participate in the program. The financial literacy program shall include, but is not limited to, instruction in the same areas of personal business and finance as required under Section 37-1-3(2)(b). The school board may coordinate with volunteer teachers from local community organizations, including, but not limited to, the following: United States Department of Agriculture Rural Development, United States Department of Housing and Urban Development, Junior Achievement, bankers and other nonprofit organizations. Nothing in this paragraph shall be construed as to require school boards to implement a financial literacy program;

a prekindergarten program that addresses the cognitive, social, and emotional needs of four-year-old and three-year-old children. (ii) Pay the same over to any financial institution, trustee or other obligee, as directed in writing by the school board, to satisfy all or part of such obligation of the school district.

The school board may make such written agreement to withhold and transfer funds irrevocable for the term of the written obligation and may include in the written agreement any other

If the school board files a copy of such written agreement with the Department of Revenue, or any state agency, department or commission created under state law then the Department of Revenue or any state agency, department or commission created under state law shall immediately make the withholdings provided in such agreement from the amounts due the local school board and shall continue to pay the same over to such financial institution, trustee or obligee for the term of the agreement.

This paragraph (tt) shall not grant any extra authority to a school board to issue debt in any amount exceeding statutory limitations on assessed value of taxable property within such school district or the statutory limitations on debt maturities, and shall not grant any extra authority to impose, levy or collect a tax which is not otherwise expressly provided for, and shall not be construed to apply to sixteenth section public school trust land;
